As I write this, my first presidential message, in Vermont we are in the depths of winter. The picture recently posted, on our website, of a very snowy hemlock tree, will certainly attest to that. Many times research tends to come to grinding halt in the winter months, you never know what the weather is going to do from one minute to another; and cannot plan anything in advance. I always have to chuckle to myself, when a client, from a much warmer part of the country, wants cemetery research done. My answer is, wait till spring, they’re not going anywhere.

The GSV board decided that for their many years of service to the society, we would pay the $110 registration fee for the Eleventh New England Regional Genealogical Conference (NERGC) in Springfield, Mass., April 6-10, 2011, for both past President Bob Murphy and former Secretary Mary Pat Brigham. Both have contributed greatly to GSV in numerous ways throughout the years and are most deserving of this gift, in appreciation of their service. Bob was at the helm of the society through some tough economic times. Mary Pat was, is and will always be, the life blood of the society.

GSV is sponsoring a luncheon at NERGC 2011 on Friday April 8, 2011 (see separate notice on page 2, for more information). We are also sponsoring speaker David Allen (see separate article, on Old Maps below).

The Fall 2010 issue of Vermont Genealogy, has arrived in members’ mailboxes. Editor, Scott Andrew Bartley, once again has done a stellar job putting together a top notch issue. Thank you, to all of the contributors as well.

GSV’s sponsored speaker at the New England Regional Genealogical Conference (NERGC) in Springfield, Massachusetts, will be David Allen whose lecture entitled “Mapping Vermont in the 1850s” will be on Saturday April 9, 2011 at 10 am. The lecture is about scanned reproductions of 1850s Vermont county wall maps and their origins. The discussion will include map accuracy, uses for genealogy and road research and current map indexing efforts. He will also explain nineteenth century surveying methods and map selling procedures.

Old Maps is the name of David Allen’s business www.old-maps.com that was established in 1980 to republish historical maps. It started with printed volumes of Cheshire County, N. H., but the focus has since expanded to offering digital and printed reproductions of historic state and town maps, birds eye views, and more, from all over New England. For instance a complete copy of the original 1796 “Whitelaw” map is now available as a paper reprint. This remarkable map, shows every town in the state.

During the 1850s Vermont’s 14 counties were mapped on 11 individual wall maps. These are currently available from Old Maps on CD-ROM and or
Due to the restructuring of the Vermont Judiciary, on February 1, 2011, the double probate districts in the four southern counties were consolidated, to one court per county. Through the years, I have spent a lot of time at the Windsor District Probate in North Springfield, and have learned that all of the docket books and file papers in that court up to 1965, were transferred to the Vermont State Archives in Middlesex on January 20, 2011, the remainder of the material going to the probate court in Woodstock.

On a final sad note, newsletter editor Deidre Dagner has resigned due to a serious illness. Our thoughts and prayers go out to her and her family. Though she edited, a mere four issues, in 2010, the board had come to think of her as a part of the GSV family. The November 2010 issue was her last. The newsletter, is now under the editorship of the board.

in print, including full size reproductions suitable for hanging. Old Maps also offers reproductions of the 1860 H. F. Walling “Map of the State of Vermont” on CD-ROM or in print. This map was the first map to show every road throughout the state and house locations are also included. The 1869 to 1878, F. W. Beers county atlases feature detailed maps of towns and villages, showing all roads and names of many homeowners, are also available on CD-ROM. Other interesting items on CD-ROM are the topographical maps of Vermont. The state is covered by 62 “quad sheets” and these maps date from the 1890s to 1950s.

Another item you can purchase from Old Maps is a set of 11 paper prints of old Vermont railroad maps (1844 to 1878) showing the development of the railroads in the peak period of construction. The set includes two maps showing proposed “Rail Roads” (pre-1848 when trains first reached Vermont). Each print is a full-color 11”x14” map, and are suitable for framing.

The nineteenth century “birds eye views” that Old Maps has made available, include the towns and villages of Barre, Bethel, Bellows Falls, Bennington, Brattleboro, Bristol, Castleton, Enosburg Falls, Fairhaven, Hardwick, Ludlow, Lyndonville, Middlebury, Morrisville, Poultney, Rutland, Springfield, St. Johnsbury, Vergennes, White River Junction, West Randolph,

GSV TO SPONSOR LUNCHEON ON FRIDAY,
APRIL 8, 2011
AT NERGC 2011

GSV will sponsor the luncheon, on Friday April 8, 2011 at 12:00 noon to 1:30 p. m., featuring Laura Prescott. Her talk will be entitled “Business Secrets of Professional Genealogists: We’re Human Too!” The inside scoop on how professionals balance the abundance of files, images and clients with a scarcity of time, energy, and organizational skills. Choice of: baked scrod with crabmeat & parmesan $33 or vegetarian tower balsamic portabell mushroom $31.00.

The format for Volume 3 has been updated and is based on the standard used in Vermont Genealogy, but with inline notes for citations. Submissions for census entrants should be 2 to 4 pages in length, and must be thoroughly documented. That means as much primary source material as possible. Of course, not everything is recorded, but relationships still have to be proven, from the best available source material.

A sample sketch can be found on the GSV website www.genealogyvermont.org. Also featured on the GSV website are listings of those entrants that were included in Volumes 1 and 2. Regarding the citations used in the sketches, TR is for Town Record, VR is for Vital Record, LR is for Land Record and PR is for Probate Record. This is then followed by the volume and page number. Remember that, in the majority of towns, in Vermont, the pre-1857 vital records are recorded in the town records. If a printed vital record is being used, e.g., the Massachusetts to 1850 series, the short cite would be VR, followed by a page number. The full cite of the volume will be in the front of the book. Footnotes can be used for citations that require lengthy explanations.

Do not be concerned about the particulars of the format, i.e., margins and styles used, as it will retyped in a template. Send submissions in Microsoft Word via an attachment to e-mail. If you have any other questions please contact the editor at stevens@vermontel.net.
The fall membership meeting of the Genealogical Society of Vermont was held Saturday, October 16, 2010, at the Unitarian/Universalist Church in Springfield, Vermont. Twenty five members, three speakers, and thirteen non-members were present.

**Bob Murphy**, retiring President, called the business meeting to order about 9:40 a.m.

Copies of the secretary's minutes of the last meeting, plus copies of a current report of the treasurer had been distributed at registration. No further discussion of either was needed. Both reports were accepted as read by those present.

**Bob Murphy** read a list of the names of officers and other volunteers who have given service to GSV during the past year, and urged those present to honor them. A round of applause followed.

**Bob Murphy** made the following announcements:

1) Vermont Vital Records from 1909 through 2008 are now available on ancestry.com

2) The Mormon Church is in the process of a vast project to digitize and index the Vermont Vital Records Card Index, formerly (since about 1920 when it was made by the town clerks from the original town records) available in Montpelier, and now (on microfilm) in Middlesex. Volunteers are needed. This project has been broken down into packets of twenty records at a time. The more of us who volunteer to take part, the greater the chance that the project will be completed on schedule.

3) Brochures concerning the NERGC Conference, coming up April 6-10, 2011 in Springfield, Mass, were made available to all present.

4) The GSV Board has voted to cancel the usual Spring Membership Meeting, which would otherwise have been scheduled for April or May of 2011. Such a cancellation was also made in April, 2009, when the last NERGC conference was held in Manchester, NH. The by-laws require us to have one membership meeting a year, and as many more as are needed. Except during conference years, we ordinarily hold two

5) Bob Murphy urged everyone present to send in contributions that might be suitable for reproduction in the Newsletter.

The last item on the business meeting agenda was election of officers to serve for the next two years, until the fall membership meeting in 2013. Bob Murphy is retiring after two terms as president, and Mary Pat Brigham is retiring after many years as secretary. Joann Nichols was president when Mary Pat came on board. Last spring, a nominating committee was recruited — Judy Goss and Margaret Jenks. They recommended the following slate. At a GSV Board meeting in August, this slate was accepted for presentation at today's meeting:

President: Jonathan W. Stevens, of Chester (currently Vice-President)
Vice-President: Carolyn L. Adams, of South Ryegate Secretary: Stephanie M. O'Rourke, of South Hero Treasurer: Jane Belcher, of Braintree (up for reelection)

As there were no further nominations from the floor, it was moved that the nominations be closed and the secretary be directed to cast one ballot. This motion was seconded and passed unanimously by voice vote. All ballots that had been received by mail had been cast for the above slate.

The business meeting was then adjourned at about 10:00 a.m.

The first speaker of the morning was Rosanne Putnam. She is a native of Springfield and publishes a weekly historical column in The Springfield Reporter. Her presentation was "Who Made Springfield."

The second speaker of the morning was Elise Guyette, historian, writer and educational consultant. Her presentation was “Discovering Black Vermont: African American Farmers in Hinesburgh, 1790-1890.”

Luncheon was served at noon by the women of the Unitarian/Universalist Church.
Kenneth C. Stevens, 1916-2010

The following notice appeared in the Fall 2010 American Ancestors, the quarterly magazine of the New England Historic Genealogical Society:

Kenneth C. Stevens, an NEHGS member since 1969, died September 8, 2010, in Tinton Falls, New Jersey. He was born in Brooklyn, New York, on September 22, 1916, the son of Cyril and Monica (Richards) Stevens.

From 1941 to 1945, Mr. Stevens served with the U.S. Army’s 10th Mountain and the 101st Airborne Divisions. He worked for Preferred Utilities Manufacturing Corporation of Danbury, Conn., for twenty-seven years, retiring as vice president of sales. Beginning in 1988, Mr. Stevens published six volumes in his genealogical series on Wilsons from New England.

His wife, Helen, died in 2003. Mr. Stevens is survived by a son, Paul Stevens, a daughter, Janet L. Stevens; five grandchildren; and one great-grandchild.

In addition to the above, Ken Stevens and his wife, Helen, lived in Walpole, New Hampshire, and he was a long-time member of the Genealogical Society of Vermont. He compiled the Vital Records of Putney, Vermont, which was published by the GSV. He also compiled the Gravestone Inscriptions of Putney, Vermont, made available to researchers by Margaret Jenks. Copies of these two books are still available. He was a speaker at some of the GSV conferences, and submitted several articles to the GSV newsletter.
